improved territory surrounding the Mesa city. It is expected, too, that with an increased territory to draw trade from, additional wholesale firms will engage in business here. Whatever will improve the south side must inevitably help the growth of Mesa.

MONEY IN TOMATOES.

Charles Davis was in town yesterday with another consignment of tomatoes from his ranch east of Mesa. He says he now is about ready to begin shipping in large quantities. Mr. Davis has seven acres devoted exclusively to tomatoes and estimates that the yield should be about 800 crates per acre. This will net him a very handsome sum of money, provided of course that he has no bad luck with any of them and the price remains satisfactory. Tomatoes are not an experiment on the mesa. VanMeter & Sons, J. F. Giles and other enterprising gardeners have made a success in growing them for several years past.

Sick headache results from a disordered condition of the stomach, and can be cured by the use of Chamberlain's Stomach and Liver Tablets. Try it. For sale by all dealers.

FUNERAL OF AMABELLE POMEROY.

There was a very large attendance at the funeral of Amabelle Pomeroy, held from the Mormon tabernacle yesterday. The casket was heaped with flowers and the services were impressive. J. M. Horne, bishop of the Mesa ward, presided, and there were talks by Isaac Dana, Wellington Richins and J. W. Lesueur.

Cousins of Amabelle acted as pall bearers, and the body was laid to rest in the Mesa cemetery.

FRANE, NOT PROFANE.

W. Aird MacDonald, Mesa's artist, when not engaged in selling real estate,

devotes a portion of his time to making life-like portraits of prominent men. His latest is an outline drawing of A. Frane, the popular manager of the Overland Telephone company. The picture is in black and white and was posed for by Mr. Frane for the double purpose of committing to canvas his own distinguished face and that of his highly valued driving animal, "Dollie Gray." Mr. Frane's features are true to life, his Roman nose, which is the admiration of the fair sex, could not be improved upon. Dollie's ribs are shown in all their pristine glory and around her head is a faint, almost invisible halo, as a tribute to her angelic character. The picture is a work of art and Mr. Frane is to have it framed to hang in the parlor of his desert home.

For soreness of the muscles whether induced by violent exercise or injury, Chamberlain's Liniment is excellent. This liniment is also highly esteemed for the relief it affords in cases of rheumatism. Sold by all dealers.

WILL GO TO CONVENTION.

An agent of the Santa Fe road was up from Phoenix yesterday for the purpose of arranging to send a party of delegates to the Y. M. and Y. L. M. I. A. convention to be held in Salt Lake beginning Saturday, June 3rd. There are quite a number of the young people of Mesa and vicinity planning to attend the convention and there are others who will go for the purpose of being married in the temple. Other couples, already married, will also attend the convention, and while in the city will have the temple ceremony performed. Nearly all of the members of the Latter Day church in Mesa have relatives in Salt Lake City. This year the delegates will be given reduced rates, but must go and return over the same line, stopover privileges being given on the return trip only. Both the S. P. and S. F. are after the business.

ENGLAND BURSTS INTO BLOOM.

Spring has come at last in London in a sudden burst of sunshine and blue skies. Following a cold time during March and the early days of April the warm weather has come in without warning. Seas of bloom are only waiting unfoldment over the length and breadth of England.

One of the large fruit growers who makes it a habit to visit his orchards every Good Friday, was delighted with the conditions of the trees this year, which are full of an unusual promise. According to him the apple harvest will be enormous, the flowers forming in wonderful masses, even the most backward trees showing a fine amount of young buds. Some of the pear and plum trees opened their buds a little too soon. In spite of this, however, they are in fine condition, too. The warm spring sunshine is opening the delicate peach and pear blossom on the garden walls, and all wall fruit is coming suddenly into acres of billowy bloom. The promise is for a year of fruit.

In all its summer phases an orchard is a beautiful thing, whether the trees are piled with pink and white blossom tossing itself up against a clear sky, or when, later on, the ripe fruit is hanging among the glossy leaves, or decking the espaliers along the garden paths with golden and red apples. Perhaps its most lovely time is now, especially where the ground has been filled with hyacinths, tulips and wallflowers, which form a many colored carpet under the trees.

Official statistics recently published show that the death duties collected in France during 1909 amounted to \$52,276,755. The estates concerned numbered 379,418, with an aggregate net value of \$1,197,994,218, the average value per estate being about \$2,900.
